The Top 20 Hymns!

We have begun the count-down of the top 20 hymns of Wesley-Knox! Actually, it will be the Top 21 Hymns because there was an 8-way tie for the last bunch, with many more getting Honourable Mention below that. All your favourite hymns, 36 in total, are quite diverse and varied, indicating a strong hymn culture at WK. Today we

are singing #17. We will sing one a week throughout the summer, working our way up and ending on Sundaes Sunday, September 16th with the singing of the top three hymns.

A New Audio System is on its' way!

Almost a year ago, we asked you for ideas on what you thought the next project of the Growth Campaign should be. The overwhelming response was to improve the audio system in the Sanctuary. An ad hoc committee was formed and consultation with different members of our staff and others in the church took place. A wish-list was made that looked at our needs today as well as our best guess for the future, all while trying to keep things within a reasonable budget. Everyone wanted to ensure that the audio system we choose today can be expanded and that video can be added at a future date.

At last Sunday's church service, we announced the exciting news that the leadership Council has approved the project. A supplier has been selected - Horizon Solutions and a new audio system is being installed in the Sanctuary of Wesley-Knox this July. We will have improved coverage throughout the entire sanctuary, new wireless microphones, improved recording capabilities and a fully digital system. We will improve the enjoyment of worship and other events. This will have a huge impact on overall hearing accessibility and enjoyment. It will also allow us to provide a well-equipped rental venue for community groups. This is going to be a significant expenditure, the majority of which will be funded by the Growth Campaign. To be able to do this, we need everyone who pledged to the campaign to fulfill their commitments. We are currently running behind on the money collected compared to the pledges that were made. As of December 2017, the money received compared to what had been pledged was approximately \$24,000 less. Please consider fulfilling your pledged amounts if at all possible. If you need a status update, please feel free to contact Sheila LeClair either via email at sheila.m.leclair@rogers.com or by phone 519-657-6901. If you were not a part of the Growth Campaign but are interested in donating specifically to the audio project, we would happily welcome your gift. Any gift you make for this project will be added into your charitable givings for the year.

Books!!! Please look t the surplus books we have and take home any that you would like. The remainder will be donated to a used book store.
